TERMS AND CONDITIONS

Qualified Equipment / Rebate Eligibility

1. Rebates are based on Tier levels as described under Rebate Information on the front of this rebate application. Equipment installed must meet required efficiency levels for both SEER and EER, and HSPF for heat pumps.
2. Rebates are available until funding is exhausted. SMUD expressly reserves the right to modify, amend or terminate the Residential HVAC Rebate Program in whole or in part, at any time and for any reason without prior notice. Visit smud.org or call 1-888-742-SMUD (7683) to obtain current rebate program information.
3. Rebate application and required documents must be received within 90 days of equipment installation or the customer may forfeit the rebate. Failure to provide forms and other documentation may result in the customer's ineligibility for the rebate.
4. Residence must have active SMUD residential electric service at time of application. Newly constructed subdivision homes built by developers do NOT qualify. Do-it-yourself installations do NOT qualify.
5. Installation must be permitted. Customer is solely responsible for obtaining related building permits and completing the inspection process as required by local jurisdiction.
6. Contractor performing work must possess active C-20 license (Heating, Air Conditioning & Ventilation / HVAC).
7. SMUD reserves the right to inspect installation premise or request additional information / documentation prior to or after rebate payment.
8. The rebate payment shall go directly to the homeowner or equipment purchaser name (Rebate Check Payable To) listed on the application. Payment may NOT be assigned to the installing contractor.

SMUD Disclaimer of Warranties

SMUD makes no representation expressed or implied, regarding the design, installation, construction, reliability, efficiency, performance, operation, maintenance, or use of any HVAC system analyzed, discussed, selected or rejected, installed or otherwise considered by the residential building owner or HVAC contractor. Any decisions regarding the selection of the design, installation, construction, reliability, efficiency, performance, operations, maintenance, or use of any HVAC system shall be made at the sole discretion and are the sole responsibility of the residential building owner or HVAC contractor.

Building Owner's Selection of HVAC Product and/or System

Building owner understands and agrees that there are a multitude of HVAC products and systems, and in no way does SMUD assume any responsibility for the HVAC product and/or system ultimately selected by building owner and/or HVAC contractor and/or installed by HVAC contractor. It is the building owner's discretion to select the HVAC products and/or system.

SMUD is not a Party

Residential building owner understands and agrees that SMUD is not a party to any HVAC installation contract entered into between building owner and contractor, and building owner agrees to hold harmless SMUD for any and all liability, loss, cost, or damage of every kind, nature or description arising out of such a contract, or any SMUD on-site verification of the installation of an HVAC system and/or product. Building owner further understands that SMUD does not guarantee energy or bill savings as a result of the installation of this equipment.

Indemnity

Residential building owner shall indemnify, defend, and hold harmless SMUD, its directors, officers, agents, and employees against all claims, loss, damage, expense, and liability asserted or incurred by other parties, including, but not limited to SMUD's employees, arising out of or in any way connected with the performance of this rebate program and excepting only such loss, damage, or liability as may be caused by the intentional acts or the sole negligence of SMUD.
